As per your e-mail and the cleared Newport High School mechanism, we will be supporting the Bellevue High football coaching staff for their off-site summer football camp efforts for our kids. Please let me know if, unlike NEWPORT, Dr. Reilly or Ms. Howard have any concerns in this regard.

I forwarded your email to get an answer with legal wisdom. I will get back to you.

Since we do not know yet how we will set policy it is challenging to determine a framework for this. Newport did not do a monthly stipend. They did a once payment for summer activities, I think. I will check. We will be also be talking to the "coaching community" and hearing their views. One, there is disagreement on this within their community as one coach was the main culprit for the newspaper coverage against Butch. The coaches are not in the collective bargaining of teachers but we do have ongoing discussions with their leadership on issues that come forward

We, the Bellevue High School Football Booster Club, are getting ready to write a check to Butch for summer camp. We don't want to put our kids, or the program, at risk by breaking any rules. We have ALWAYS been 100% open and compliant with EVERY rule. Your last e-mail said it would be fine to pay coach for summer camp. I assume no change and will proceed unless we hear from you.

Tom,

I was told you could pay him for summer camp. I can forward this to Sharon for confirmation.

Judy- I know your time is precious and currently emotionally strained. Could you consider following through on the authorization to have our Booster Club pay our coaches for the now completed summer camp? We don't want to put the program at risk by doing so without "approval."

I saw a e-mail chain response to the Newport Booster club.

Chris Marks has OK'd the payment in a separate e-mail after checking with staff.
