Eligibility Committee,

Tuesday Aug. 12, 2014

Newport High School is not aware of any reason other than possibly athletics for this move to have taken place.

I am not aware of all the details that the family is claiming why they could no longer afford to live and remain in the Newport HS attendance area.

If they would have finished the semester and made it to the start of next year (11<sup>th</sup> grade) they would have been allowed to move wherever they wish and still remain a student at Newport HS. To transfer at the semester seems disruptive to the student's educational process.

A handwritten signature in black ink, appearing to read "Gill James", written over a horizontal line.

Gill James  
Newport HS  
Athletic/Activity Director
