Ms. Jennifer Vice
The Academic Institute, Inc.

[REDACTED]
Bellevue, WA 98005

Dear Jennifer,

On behalf of the Bellevue Wolverines Football Club, we want to commend you on your administration of an excellent program of education that has helped so many students in the community who need that extra support and small classroom environment to thrive. I understand from our discussions this past summer that you are working on a not-for-profit organization that will enable you to provide for even more students in the future who cannot afford your school's education program.

We have committed to a donation of to Academic Institute, Inc. of \$15,000 for the 2014-2015 academic year to help you provide education for your students. This contribution is to be used by your institution to assist with education support for any student, male, female, athlete or non-athlete, at your discretion, based on their financial need and in accordance with your policies. We will re-evaluate our organization's ability to make future contributions in June for the 2015-2016 academic year and contact you then. Please let us know when your not-for-profit organization is up and running as we would look forward to supporting such an organization in the future.

Sincerely,

Bellevue Wolverines Football Club

Dear Jennifer,

The Bellevue Wolverines Football Club would like to continue to support The Academic Institute, Inc. with a commitment of a donation for this new school year 2015-2016. Your administration of an excellent program of education helps so many students in the community who need that extra support and small classroom environment to thrive. We understand you continue to work on a not-for-profit organization that will enable you to provide for even more students in the future who cannot afford your school's education program.

We are pleased to commit to a donation to The Academic Institute, Inc. of \$10,000 for the 2015-2016 academic year to help you provide education for your students. This contribution is to be used by your institution to assist with education support for any student, male, female, athlete or non-athlete, at your discretion, based on their financial need and in accordance with your policies. In addition, we commit an additional \$2000 to be used for supplies or operating expenses as you so choose. We will re-evaluate our organization's ability to make future contributions for the 2016-2017 academic year and contact you next summer. Please let us know when your not-for-profit organization is up and running as we would look forward to supporting such an organization in the future.

Sincerely,

Bellevue Wolverines Football Club
